

Peninsula College Fund - Mentor Volunteer Form

Thank you for your interest in mentoring a Peninsula College Fund student. We appreciate learning about you and why you are interested in becoming a mentor to a young college student. We select individuals to mentor whose profiles best match the current scholars. While we may not be able to pair you immediately with a student, we hope you will consider mentoring future students in need. Please contact us with any questions, and thank you again for your interest.

Please complete all of the following:

YOUR NAME:

ADDRESS:

PHONE# (H): _____ (W): _____

MORE ABOUT YOU: What interests you about becoming a mentor? What do you look forward to, or have questions about, in the mentoring relationship? (Please answer briefly on the back of this page.)

How did you hear about the PCF Mentoring Program?

_ Friend _ PCF brochure/printed information _ Current PCF donor _ Other:

Your signature below verifies that you understand the following:

Becoming an PCF mentor is a long-term commitment to support an PCF Scholar during his or her college education. To establish successful mentor-student relationships, PCF works to match up mentors and students with similar interests, colleges, or majors. PCF continues to re-evaluate matches to ensure that both mentor and student experience a good match. You are asked to contact your student at least once a month and to get together with your student at least once during winter and/or summer college breaks. PCF will provide support and information to help you with your role as a mentor, host group get-togethers for PCF mentors and students, and contact you to receive feedback about the success of your match and the PCF mentoring program.
